

Room Addition

Roof & Siding

Accessory Structure

Painting

Pool & Spa

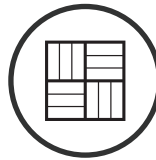

Electrical

Plumbing

Fences & Walls

Decks

Are you adding a new structure, accessory structure, or expanding an existing structure on the property?

YES

PERMIT REQUIRED FOR:

- Structures greater than 181 SF

- Decks greater than 181 SF or taller than 30 inches

- Fences

- Room additions, changes to roof area, or patio enclosures

- Pool or Spa (with electric)

- Roof / shingle replacement (full)

NO

Does the work require any mechanical, electrical, plumbing, HVAC, or structural alterations (SAs)?

YES

PERMIT REQUIRED FOR:

- Electrical

- Plumbing

- Mechanical, HVAC, or SAs

NO

A permit is most-likely NOT required.

Work on flooring, painting, replacing damaged or missing shingles, or replacing damaged siding does not typically require a permit.

1. Submit the corresponding permit.
2. The approved permit provides information on the necessary inspections and how to schedule them.
